# SAVE FOR YOUR FUTURE TODAY

Use money from your tax refund to start saving with a *myRA*<sup>®</sup> retirement savings account.

*myRA* was created by the U.S. Treasury to make saving simple, safe, and affordable:

- It costs nothing to open an account, and there are no fees.
- There are no minimum balance or contribution requirements.
- There is no risk of losing money, and the investment safely earns interest.
- You can access the money you put in at any time.

By saving with a *myRA*, you may also be able to claim the Saver's Tax Credit next year, which can increase your refund or lower your tax bill.

**Don't wait! The sooner you start, the more you'll save.**

Sign up now at  
[myRA.gov/tax](https://myRA.gov/tax)

Note: Opening a *myRA* account is not required in order to cash or deposit your federal tax refund check.
